Washington, Oct. 30.—New notes from Germany and Austria have been received.

### Austria Getting Anxious

By Associated Press Leased Wire

Vienna, via Basel, Switzerland, Oct. 30.—Austria-Hungary, through the new foreign minister, Count Andrássy, has sent a note to Secretary of State Lansing, requesting the secretary to intervene with President Wilson in their request for an immediate armistice on all fronts and commencement of the peace negotiations.

### New German Note

By Associated Press Leased Wire

Washington, Oct. 30.—Another note from the German government was received in Washington today. It is a supplement to the last brief communication saying that the armistice terms were awaited, by reciting in detail the governmental change that had taken place in Germany, giving evidence that the kaiser had been deprived of all power to declare war or negotiate peace.

### Not To Wilson

This time Germany did not address President Wilson in person but sent the information for the American government, apparently recognizing that the stage of personal appeal has passed with the transmission of their armistice and peace negotiation plea to the allies.

The note reiterates the former assertion concerning the transfer of power to the Reichstag and describes the progress of the necessary constitutional changes.

The Swiss charge received the German note and appeared at the state department shortly before noon to deliver it.

It is stated authoritatively that the new note makes no change in the situation. The next step expected is the

### ONE DELIVERY EACH DAY AGREED ON BY GROCERS OF DIXON

**New System Will Become Effective Monday, November 11**

### MAKE FAIR PRICE LIST Committee Will Publish A Price List For Guidance of Patrons Weekly

On and after Monday, Nov. 11, the grocers of Dixon will make but one delivery daily and the solicitation of orders by drivers will stop. This action was determined upon at a meeting of the retail grocers and butchers held at the city hall last evening, and is in accordance with the wishes of the Food Administration and the State Council of Defense.

It was decided that the time for receiving telephone orders will expire at 12 o'clock noon each day, and that the deliveries will be made in the afternoon. On and after that date grocery stores and meat markets will close at 6 p. m. each day except Saturdays, on which days the closing hour shall be 10 p. m.

### Weekly Price List.

The Fair Price Committee recently named by the local grocers will begin its work this week, and every week a corrected fair price scale, showing fair cost and retail prices on all staple foods will be prepared and published, the corrections to be made on Thursday of each week. Copies of the price list must also be sent to the Illinois office of the federal food administration.

### ALLIES AGREED UPON TERMS OF PEACE FOR HUN

**President's Fourteen Points Accepted By the Allies**

### TRUCE TERMS REACHED

**Terms of Armistice Will Make Germany Helpless To Wage War**

Washington, Oct. 29.—President Wilson's fourteen terms of peace have been accepted by our allies, according to reliable information. Marshal Foch and his advisors have pronounced an armistice with the Central powers practicable, and the allied military advisers are now preparing the terms of the proposed armistice, some of the conditions of which have already been submitted to President Wilson for his approval.

### See End of War Near

Surrender of military power and guarantees for the faithful performance of contract sum up the terms on which Germany will be permitted a cessation of hostilities.

Whether Germany will accept terms tantamount to a surrender, remains to be seen, but with Austria and Turkey seeking a separate peace with the allies, the impression is strengthened that the end of the war is not far distant.

Military officials here, however, are still predicting that it will require further fighting to force Germany into submission to allied terms, unless these terms should be weakened.

### Some Terms Completed.

The conditions so far formulated are not complete and only those upon which Great Britain, France and Italy are in accord have been cabled to President Wilson, according to the understanding here.

Additional terms are under consideration by the supreme war council sitting at Versailles. Col. House is participating in the deliberations and is submitting to the allied premiers who compose the war council the president's views on the terms already submitted and those under consideration.

The article on the evacuation of invaded territory by Germany as tentatively drawn provides that the armed forces of the central powers shall be withdrawn from Belgium, France, Serbia, Montenegro, Rou-

### SEVENTEEN ILLINOIS MEN IN SMALL LISTS

**CASUALTY REPORTS TODAY TOTAL 413 AMERICAN SOLDIERS KILLED OR HURT.**

Washington, Oct. 30.—The following casualties are reported by the Commanding General of the American Expeditionary Forces: Killed in action, 4; died of wounds, 11; died from accident and other causes, 6; died of disease, 22; wounded severely, 27; wounded (degree undetermined), 67; wounded slightly, 67; missing in action, 9. Total, 213. Six Illinois men are included in the list.

Section one of today's casualty report was: Killed in action, 3; died of wounds, 6; died from accident and other causes, 2; died of disease, 12; wounded severely, 30; wounded (degree undetermined), 74; wounded slightly, 75; missing in action, 8. Total, 210. The names of eleven Illinois men are reported.

### GAVE DAVIES A GOLD WATCH

John L. Davies, for many years treasurer of Dixon lodge No. 779 B. P. O. Elks has been presented with a fine gold watch by the officers and Past Exalted Rulers of the lodge. Mr. Davies reports tomorrow to enter the government service and the presentation was made in appreciation of his fine interest in and efforts for the lodge.

### WHAT KAISER MUST ACCEPT TO GET PEACE

Washington, D. C., Oct. 29.—Incomplete and tentative armistice terms have been formulated by the military advisers of the supreme war council sitting at Versailles and cabled to President Wilson for his approval. In brief the terms so far received are:

1. Withdrawal of Teutonic troops from invaded territory within a specified period, to be fixed by the allied commanders.
2. Surrender of all ordnance and ammunition for same.
3. Withdrawal of German forces beyond the Rhine.
4. Demobilization of the Teutonic armies, except a limited number of troops for policing purposes.
5. Surrender of frontier fortresses, including Metz and Strassburg.
6. Release of all allied prisoners of war, German prisoners of war to be held until completion of restoration of devastated territories.
7. Surrender of a specified number of German submarines.

### TEACHERS EXAMS ARE POSTPONED BY BOARD

**INFLUENZA DANGER CAUSES STATE OFFICIALS TO POSTPONE TESTS ONE MONTH.**

Because of the order of the State Board of Health prohibiting public gatherings until the present epidemic shall have ceased to make such meetings sources of danger, the teachers' examinations which had been set for Thursday and Friday, Nov. 7 and 8, have been postponed by the State Examining Board to Thursday and Friday, Dec. 5 and 6. Notice to this effect was received by Co. Supt. L. W. Miller.

For the same reason the annual meeting of the Northern Illinois Teachers' Assn. to have been held at Belvidere tomorrow and Friday has been postponed indefinitely.

### STEWART GIRL VICTIM OF "FLU"

Miss Hazel Herrmann, daughter of Mrs. Ed Herrmann, who resides three miles north of Stewart, passed away yesterday, death being caused by pneumonia, the result of an attack of Spanish influenza. The young lady's father died last June. Funeral services were held this afternoon.

### WALTER W. GEIGER SUMMONED TUESDAY

**Estimable Young Man, Nelson Town Clerk, Victim Of Pneumonia**

### WAS ILL BUT ONE WEEK

Walter Winfield Geiger, Town Clerk of Nelson township, and one of the most estimable young men in this vicinity, passed away at the Dixon hospital at 5:15 o'clock this morning, death resulting from pneumonia, super-induced by Spanish influenza. The young man was taken ill a week ago this morning and pneumonia developed last Friday. On Sunday his condition became such that it was deemed best to take him to the hospital, where yesterday he appeared to be responding to the treatment. However, in the evening his condition became worse and he sank rapidly until his death this morning.

Mr. Geiger was born in Dixon, August 6, 1887, and his home had always been in this vicinity. For the past few years he has been farming his parent's old homestead farm in Nelson township, and he was counted one of the leaders of civic life in that community. He is survived by his mother, Mrs. Anna F. Geiger of Nelson; one brother, Thomas L., also of Nelson; and a sister, Mrs. Nellie Geier of Liberty, Neb. The deceased was a member of Friendship lodge No. 7, A. F. & A. M., of this city, and was also prominent in the activities of the Republican party in this county.

Funeral services, which will be private, will be held at the home in Nelson township, at 2 o'clock Friday afternoon, with burial at Oakwood.

### M. H. VAIL IS NOW OVERSEAS

Morrison H. Vail, Y. M. C. A. worker, has arrived safe overseas, according to a cablegram sent by the Y. M. C. A. Overseas Service to Mrs. M. H. Vail. Whether France or England is meant, is not known as yet, but Mr. Vail expected to work in France. He left Dixon several weeks ago and after a few weeks' training in New York City, sailed for Europe.

### CZECHS HAVE TAKEN OVER GOVERNMENT AT CAPITAL OF BOHEMIA

**Versailles Conference Has Agreed On Armistice and Peace Terms, Which Will Be Given To Berlin Shortly—Rioting In Budapest—German People In Panic—Yanks Make Advance and French Open New Offensive**

### AUSTRIAN CENTER CRUSHED; ALLIES SWEEP THRU

By Associated Press Leased Wire

The Versailles conference, it has been reported, has agreed on terms of an armistice and final peace. It is said these terms will be submitted simultaneously to the German government. London reports that the allied nations will demand the surrender of the German fleet, including all submarines, and the occupation of all fortified towns on the Rhine.

Internal conditions in Germany and Austria appear to be growing worse.

### Czechs Take Over Government of Prague.

The Czech National Committee has taken over the functions of local government in Prague, the Bohemian capitol, marking the final step in the successful revolution, according to a telegram from Berlin to Copenhagen.

The Austrian imperial symbols have been removed from the government building and imperial proclamations have been torn down. The population has taken a oath of fidelity to the Czech state.

During Monday night the general in command at Prague and his staff, placed the entire armed force in the city at the disposal of the Czech National committee.

### Report Rioting In Budapest.

Rioting is reported from Budapest. A deputation by the party of Count Caroli has asked Archduke Joseph to appoint him premier. A great crowd followed the deputation and attempted to get through the military guard. There was severe fighting and the soldiers used their machine guns and bayonets. Many persons were killed and the fighting was still in progress at 9 o'clock Monday evening when the dispatch was filed.

The correspondent adds that the republican movement is growing and that a general labor revolt is expected momentarily.

### Panic Among German People

The German populace is said to be in a panic. Banks are being stormed by great crowds of depositors.

The Austrian fleet has been hastily concentrated at Fiume, according to a dispatch from Rome, filed Oct. 27. A few vessels are still at Pola, but all at Cattaro have left. It is said that the concentration was demanded by Hungary.

### Hungary Would Save the Fleet

Fiume is the chief seaport of Hungary. Pola and Cattaro are in Austrian territory. It is probable that Hungary's demand in connection with the Austrian fleet was made with the purpose of getting it to Fiume where it could be controlled if the dual monarchy dissolves. There is a strong movement for independence in Hungary and Emperor Charles is said to favor Hungarian independence.

### 20,000 Austrian Prisoners Taken.

One year ago the Italian armies were streaming westward across the Isonzo, with a great military disaster imminent. Today the Italians, with the aid of British and French divisions and with American forces in reserve, are pouring through what is apparently a breach in the Austrian line east of the Piave river.

Prisoners numbering over 20,000 have been taken in the fighting.

# ELECTION NOTICE

Notice is hereby given that on Tuesday, November 5th, A. D. 1918, in the county of Lee and State of Illinois, an Election will be held to vote on the following proposed Amendment to the General Banking Law:

An Act to amend the title of "An Act concerning corporations with banking powers," approved June 16, 1887, submitted to the vote of the people at the November election, 1888, and adopted, so that said title shall read, "An Act concerning banks and banking" and to amend sections 2, 4, 7, 8, 10, 11, and 12 of said Act and to add to said Act after section 5 of said Act a new section to be known as Section 15 1/2, prohibiting all natural persons, firms or partnerships from transacting the business of banking or receiving money on deposit and from transacting certain other operations frequently transacted by banking corporations, and from using the term bank or banking.

Section 1. Be it enacted by the People of the State of Illinois, represented in the General Assembly: That the title of an Act entitled, "An Act concerning corporations with banking powers," approved June 16, 1887, submitted to a vote of the people at the November election, 1888, and adopted, as subsequently amended be amended to read as follows: "An Act concerning banks and banking."

That sections 2, 4, 7, 8, 10, 11 and 12 of said Act be respectively amended to read as hereinafter in this section set forth.

Sec. 2. When any association of persons, not less than three, desire to avail themselves of the provisions of this Act, they shall apply to the Auditor for permission to organize, stating their place of business, the amount of capital and name under which they desire to organize, and the time for which such association shall continue, which statement shall be under their hands and seals, and acknowledged before some officer authorized by law to acknowledge deeds and the Auditor shall issue to them a permit to organize, but no permit shall be issued hereunder to any corporation by the same name as any other corporation then operating under the laws of this State or of any law of the United States or of any person, firm or partnership then conducting a banking business, or by a name so similar to the name of any other corporation then operating under the laws of this State, or of any law of the United States, or of any person, firm, partnership or corporation then conducting a banking business as in the opinion of the Auditor of Public Accounts will create confusion, provided that a permit may be issued hereunder to a corporation by a name the same as or similar to the name of any person, firm or partnership then conducting a banking business, by and with the written consent of such person, firm or partnership of the same or similar name, such name of such proposed corporation not being the same as similar to the name of any banking corporation then operating under the laws of this State or of the United States, and all associations formed under this Act shall have their capital stock divided into shares of one hundred dollars (\$100) each.

Sec. 4. The directors so elected may proceed to organize by the election of one of their number as president, and may appoint the necessary officers and employees and fix their salaries to carry on the business of the bank or association and make by-laws (not inconsistent with this Act) for the government of the bank or association, and each director shall take and subscribe to an oath such as the Auditor shall prescribe of fealty to the bank or association of which he is director and that he will, so far as the duty devolves on him, diligently and honestly administer the affairs of such bank or association and will not knowingly violate or willingly permit to be violated any of the provisions of this Act; and that he is the owner in good faith and in his own right of the number of shares of stock required by this Act; and that same is not hypothecated or in any way pledged as security for any loan or debt. Such oath subscribed by the directors making it and certified by a proper officer authorized to administer oaths shall be immediately transmitted to the Auditor and shall be filed and preserved by him in his office. The directors shall cause to be kept suitable books of record of all the transactions of the bank or association and shall furnish to the Auditor lists of the stockholders and copies of any other records the Auditor may require. And there shall be an annual meeting of the stockholders for the election of directors each year on the first Monday in January unless some other date shall be fixed by the by-laws of the association. Any omission to elect directors shall not impair any of the rights and privileges of the association or of any persons in any way interested, but the existing directors shall hold office until their successors are elected and qualified as in such cases may be provided by law. Vacancies may be filled by a two-thirds vote of the remaining directors.

Every director of any bank or association organized under the provisions of this Act must own in his own right, free of any lien or encumbrance at least ten shares of the capital stock of such bank or association of which he is a director, and stock certificates for not less than ten shares shall be filed unendorsed and unassigned with the cashier of the bank during his term as a director. Any director who ceases to be the owner of ten shares of the capital stock of such bank or association, or who becomes in any form disqualified shall thereupon vacate his place as such director. The directors of any bank or association organized under the provisions of this Act shall hold regular meetings at least once each month and they shall be present a quorum as may be prescribed by the by-laws of such bank or association approved by the Auditor of Public Accounts.

Any officer, director or employee of any bank or association organized under the provisions of this Act, who shall wilfully and knowingly subscribe to or make or cause to be made any false statement with intent to deceive any person or persons authorized to examine into the affairs of such bank or association, upon conviction thereof, shall be punished by imprisonment or not less than one year or more than ten years.

Sec. 7. Any and all persons and associations organized under the provisions of this Act shall make to the Auditor a report according to the form which may be prescribed by him, verified by oath or affirmation of the president or cashier of such association, which report shall exhibit in detail and under appropriate heads the resources and liabilities of such bank or association at the close of business of any day he may choose; and he shall call for such reports at least once every three months of each year, and the officers of said banks shall transmit the same to the Auditor within five days after receiving the call for the same; and any bank or association failing to make and transmit such report, or to comply with any provision of this Act, shall be subject to a penalty of one hundred dollars for each day after five days that such report is delayed beyond that time. And he shall cause such report to be published at the expense of such bank in some newspaper published in the city or town where such bank is located; or if no newspaper is published in such town, then in the nearest newspaper to such town. Every such quarterly report shall be accompanied with a fee of five dollars to defray the expense of examining the same and preparing it for publication.

Sec. 8. The Auditor, as often as he shall deem necessary or proper and at least once in each year, shall appoint a suitable person or persons to make an examination of the affairs of every bank established under the provisions of this Act, which person shall not be a stockholder or officer or employee of any bank which he may be directed to examine, and who shall have power to make a thorough examination into all the affairs of the bank, and in so doing to examine any of the officers or agents or employees thereof on oath, and shall make a full and detailed report of the condition of the bank to the Auditor; and the bank shall not be subject to any other visitatorial power than such as may be authorized by this Act, except such as are vested in the several courts of law and equity. And there shall be paid to the Auditor of Public Accounts for each such examination, a minimum fee of twenty-five dollars (\$25.00) and two cents (2c) additional for each one thousand dollars (\$1,000) of the total assets of the bank examined.

Sec. 10. The total liabilities to any association, of any person or of any corporation or firm for money borrowed including in the liabilities of a company or firm the liabilities of the several members thereof, shall at no time exceed fifteen per cent of the amount of the capital stock of such association actually paid in and unimpaired, and fifteen per cent of its unimpaired surplus fund: Provided, however, that the total liabilities of any such person, company or firm shall at no time exceed thirty per cent of the amount of capital actually paid in: And, provided, further, that undivided profits shall not be construed

as a part of the surplus. But (1) the discount of bills of exchange drawn in good faith against actually existing values; (2) the discount of commercial or business paper actually owned by the person negotiating the same; (3) the purchase of or loaning money in exchange for, evidences of indebtedness which shall be secured by mortgage or trust deed upon productive real estate, the value of which, exclusive of buildings, as ascertained by the oath of two disinterested appraisers is double the amount of the principal debt secured, and which mortgage or trust deed is ascertained by a guaranty policy of a title guaranty company approved by the Auditor of Public Accounts, or by a registrar's certificate of title in any county having adopted the provisions of the Land Titles Act, or by the opinion of a reputable attorney at law to be a first lien upon the real estate therein described; and (4) the purchase of, or loaning money in exchange for, evidences of indebtedness secured by a written pledge covering live stock, the president, vice president or cashier of such bank or association certifying at the time of such purchase or loan that the value of such live stock is double the principal debt secured, shall not be considered as money borrowed within the meaning of this section. In computing the total liabilities of any person, corporation or firm for the purposes of this section, there shall not be included any liabilities of such person, corporation or firm which shall be secured by collateral approved as sufficient security therefor by the Auditor of Public Accounts, and deposited with him, or which shall be secured by a good and sufficient bond conditioned to indemnify and save harmless such bank from loss or damage on account of failure to pay such loan on maturity, filed with and approved by the Auditor of Public Accounts.

And provided, further, that if any bank or association existing hereunder shall cause to be deposited with the Auditor of Public Accounts a good and sufficient bond, or shall cause to be deposited with him securities approved by him (such securities not being assets of said bank or association), the Auditor of Public Accounts may issue to such bank or association a permit, granting permission to such bank or association, within the period of one year from the date of said permit, to carry, without liability against the officers and directors of such bank or association, on account of such loans being excessive, loans otherwise excessive under the provisions hereof, to an aggregate amount equal to the amount of such bond, or to the value of such securities as determined by the Auditor of Public Accounts. Such bond shall run to the Auditor of Public Accounts for the use of said bank or association, its creditors and stockholders, and shall be taken to indemnify and save harmless said bank or association, its stockholders and creditors, against loss on account of loans carried in pursuance of the permit issued by the Auditor of Public Accounts in pursuance of the filing of such bond; and such securities shall be deposited under a like contract running to the Auditor of Public Accounts for the use of said bank or association, its creditors and stockholders, undertaking that such securities shall be held to indemnify and save harmless said bank or association, its stockholders and creditors, against loss on account of loans carried in pursuance of the permit issued by the Auditor of Public Accounts in pursuance of the filing of such bond; and such securities shall be deposited under a like contract running to the Auditor of Public Accounts for the use of said bank or association, its creditors and stockholders, undertaking that such securities shall be held to indemnify and save harmless said bank or association, its stockholders and creditors, against loss on account of loans carried in pursuance of the permit issued by the Auditor of Public Accounts in pursuance of the filing of such bond; and such securities shall be deposited under a like contract running to the Auditor of Public Accounts for the use of said bank or association, its creditors and stockholders, undertaking that such securities shall be held to indemnify and save harmless said bank or association, its stockholders and creditors, against loss by reason of loans made under such permit.

And, provided, also, that the total liabilities of any such person, firm or corporation shall not exceed twenty-five per cent of the deposits of any such bank or association and also that such total liabilities shall at no time exceed the amount of the capital stock of such bank or association. Every such loan made in violation of the provisions hereof shall be due and payable according to its terms and the remedy for the recovery of any money loaned in violation of the provisions hereof or for the enforcement of any agreement collateral or otherwise made in connection with any such loan shall not be held to be impaired, affected or prohibited by reason of such violation, but such remedy shall exist notwithstanding the same. But every director of any such association who shall violate, or participate in, or assent to such violation, or who shall permit any of the officers, agents or servants of the association to violate the provisions hereof, shall be held liable in his personal and individual capacity for all damages with the association, its shareholders or any other person shall have sustained in consequence of such violation.

It shall not be lawful for any bank to loan to its president, or to any of its vice presidents or its salaried officers or employees, or to any of the corporations or firms controlled by them, or in the management of which any of them are actively engaged, until an application for such loan shall have been first approved, both as to security and amount, by the board of directors.

Sec. 11. Banks or banking associations may be organized under the provisions of this Act at any place in this State. If not within any city, town or incorporated village, with a minimum capital stock of ten thousand dollars (\$10,000); if within a city, town or incorporated village, the capital stock shall be according to the population of such city, town or village, as determined by reference to the last preceding United States census, as follows:

(a) In all cities, towns and villages of not exceeding fifteen hundred (1,500) inhabitants, with a minimum capital stock of fifteen thousand dollars (\$15,000).

(b) In all cities, towns and villages of over fifteen hundred (1,500) inhabitants and not exceeding five thousand (5,000) inhabitants, with a minimum capital stock of twenty-five thousand dollars (\$25,000).

(c) In all cities, towns and villages of over five thousand (5,000) inhabitants and not exceeding ten thousand (10,000) inhabitants, with a minimum capital stock of fifty thousand dollars (\$50,000).

(d) In all cities, towns and villages of over ten thousand (10,000) inhabitants and not exceeding fifty thousand (50,000) inhabitants, with a minimum capital stock of one hundred thousand dollars (\$100,000).

(e) In all cities, towns and villages of over ten thousand (10,000) inhabitants and not exceeding fifty thousand (50,000) inhabitants, with a minimum capital stock of fifty thousand dollars (\$50,000); but a bank so incorporated in a city, town or village of over ten thousand (10,000) inhabitants and not exceeding fifty thousand (50,000) inhabitants, with a capital stock of less than one hundred thousand dollars (\$100,000) shall not accept deposits in excess of five hundred thousand dollars (\$500,000), so long as its capital stock is less than one hundred thousand dollars (\$100,000).

Such bank may at any time increase its capital stock to not less than one hundred thousand dollars (\$100,000), and if the Auditor shall find the deposits in excess of the limitation contained herein, he shall order such bank to increase its capital stock to at least one hundred thousand dollars (\$100,000) within ninety days from the date of such order.

If any such bank shall fail so to increase its capital stock within said time, the Auditor of Public Accounts shall revoke and cancel the permit and authority of such bank to carry on such banking business, and shall file a duly certified copy of such revocation and cancellation at the office for the recording of deeds in the county where such bank has conducted such business, and upon the recording of said revocation, said bank shall cease to receive deposits and shall proceed to dispose of its assets and wind up its affairs within one year from the date of such revocation, and at the end of said year the authority of said bank to conduct any business under the provisions of this Act shall cease and determine.

(f) In all cities, towns and villages of more than fifty thousand (50,000) inhabitants, with a minimum capital stock of one hundred thousand dollars (\$100,000); but a bank so incorporated in a city, town or village of more than fifty thousand (50,000) inhabitants, with a capital stock of less than two hundred thousand dollars (\$200,000), shall not accept deposits

in excess of one million dollars (\$1,000,000), so long as its capital stock is less than two hundred thousand dollars (\$200,000).

Such bank may at any time increase its capital stock to not less than two hundred thousand dollars (\$200,000), and if the Auditor shall find the deposits in excess of the limitations contained herein he shall order such bank to increase its capital stock to at least two hundred thousand dollars (\$200,000) within ninety days from the date of such order.

If any such bank shall fail to increase its capital stock within said time, the Auditor of Public Accounts shall revoke and cancel the permit and authority of such bank to carry on such banking business, and shall file a duly certified copy of such revocation and cancellation at the office for the recording of deeds, in the county where such bank has conducted such business, and upon the recording of said revocation, said bank shall cease to receive deposits and shall proceed to dispose of its assets and wind up its affairs within one year from the date of such revocation, and at the end of said year the authority of said bank to conduct any business under the provisions of this Act shall cease and determine.

Should the capital stock of any bank organized under this Act become impaired, the Auditor shall give notice to the president to have the impairment made good by assessment of the stockholders or a reduction of the capital stock of such bank, if the reduction should not bring the capital below the provisions of this section; and if the capital stock of said bank shall remain impaired for thirty days after notice by the Auditor, he shall have power, and it is hereby made his duty, to enter suit against each stockholder in the name of the People of the State of Illinois, for the use of said bank, for his or her pro rata proportion of such impairment, and when collected shall pay over the amount thereof to said bank, and the judgment in such case shall be for the amount claimed with all costs and reasonable attorney's fees, which fees shall be fixed by the court, or, if it appears from the facts made by the Auditor under this Act, or from any examination made by or on behalf of the Auditor that the conditions of any bank or organized under this act, are such that the impairment of the capital stock cannot be made good, or that the business of any such bank is being conducted in an illegal, fraudulent or unsafe manner, he may, in his discretion, without having taken the steps provided in this section to make good the impaired capital stock, forthwith appoint a receiver, and require of him such bond and security as he deems proper. Such receiver, under the direction of the Auditor, shall take possession of the books, records and assets of every description of such bank, collect all debts, dues and claims belonging to it, and upon the order of a court of record of competent jurisdiction, may sell or compound all bad or doubtful debts, and, on a like order, may sell all the real and personal property of such bank, on such terms as the court shall direct; and may, if necessary, to pay the debts of such bank, enforce the individual liability of the stockholders.

The Auditor of Public Accounts shall, upon appointing a receiver, cause notice to be given, by advertisement in such newspapers as he may direct, for three consecutive months, calling on all persons who may have claims against such bank to present the same, and to make legal proof thereof.

From time to time the Auditor of Public Accounts shall make a ratable dividend of the moneys collected by such receiver on all claims as may have been proved to his satisfaction or adjudicated in a court of competent jurisdiction, and, as the proceeds of the assets of such bank are collected, shall make further dividends on all claims previously proved or adjudicated; and the remainder of the proceeds, if any, shall be paid over to the shareholders of such bank, or their legal representatives, in proportion to the stock by them respectively held.

Whenever any such bank against which proceedings have been instituted, or for which a receiver has been appointed as aforesaid, on account of any alleged impairment of its capital stock or alleged conduct of its business in an illegal, fraudulent or unsafe manner, denies such grounds, it may, at any time within ten days, apply to the Circuit Court of Sangamon County, Illinois, to enjoin further proceedings in the premises; and such court, after citing the Auditor of Public Accounts to show cause why further proceedings should not be enjoined, and after the decision of the court or findings of a jury that such grounds do not exist, shall make an order enjoining the Auditor, and any receiver acting under his direction, from all further proceedings on account of such alleged grounds.

All expenses of any such preliminary or other examination into the condition of any such bank shall be paid by such bank. All expenses of any such receivership, including reasonable receiver's, solicitor's, and attorney fees to be approved by the Auditor of Public Accounts, shall be paid out of the assets of such bank.

No bill shall be filed nor proceedings commenced in any court for the dissolution or for the winding up of affairs or for the appointment of a receiver for any such banking corporation on the grounds of insolvency or impairment of the capital stock of such banking corporation or upon the ground that such bank is being conducted in an illegal, fraudulent or unsafe manner, except in the name and by the authority of the Auditor of Public Accounts, represented by the Attorney General.

At any time, whenever a majority in number and amount of the creditors of any such bank or association, after any such receiver shall have been appointed, shall petition the Auditor of Public Accounts for the appointment of any person nominated by them as receiver, who is a reputable person and elector of the county in which such bank or association is located, it shall be the duty of the Auditor to make such appointment, and all the rights and duties of his predecessor shall at once devolve upon such appointee.

Sec. 12. Whenever the board of directors, managers or trustees of any corporation having any banking powers existing by virtue of any general or special laws of this State, or

# ELECTION NOTICE

Notice is hereby given that on Tuesday, November 5th, A. D. 1918, in the County of Lee and State of Illinois, an Election will be held to vote on the following Proposition of calling a Constitutional Convention:

The Fifth General Assembly, by a vote of two-thirds of the members of each house thereof, passed a joint resolution for the submission of the question of calling a Constitutional Convention to the electors of the State of Illinois at the general election to be held on the fifth day of November, A. D. 1918, which joint resolution is in words and figures as follows:

"Whereas, The provisions of the Constitution of this State are in many respects inadequate to the present and prospective needs of the people; and

Whereas, By its provisions it is not possible to submit to the

any corporation with banking powers hereafter organizing under the provisions of this Act, may desire to change the name, to change the place of business, to increase or decrease the capital stock, to extend the duration of its charter, to increase or decrease the number of directors, managers or trustees, or to consolidate such corporation with any other corporation having banking powers which may hereafter exist, they may call a special meeting of the stockholders of such corporation for the purpose of submitting to a vote of such stockholders the question of such change of name, change of place of business, increase or decrease of number of directors, managers or trustees, increase or decrease of capital stock, extension of duration of its charter, or consolidation with some other corporation, as the case may be: Provided, that in changing the name of any corporation under the provisions hereof, no name shall be assumed or adopted by any corporation organized under the laws of this State without the consent of such other corporation, and that in no case shall the capital stock be diminished to the prejudice of the creditors of such corporation, or the number of directors, managers or trustees be reduced to less than three or increased to more than twenty-one.

Such special meeting shall be called by delivering personally, or by depositing in the postoffice at least thirty days before the time fixed for such meeting, a notice properly addressed to each stockholder, signed by a majority of said directors, managers or trustees, stating the time, place and object of such meeting. A general notice of the time, place and object of such meeting shall also be published for three successive weeks in some newspaper printed in or nearest to the county in which the principal business office of said corporation is located. At any such meeting stockholders may vote in person or by proxy, each stockholder being entitled to one vote for each share of stock held by him, and votes representing two-thirds of all the stock of the corporation shall be necessary for the adoption of the proposed change of name, place of business, number of directors, managers or trustees, amount of capital stock, extension of duration of charter, or consolidation with some other company. At any regular meeting, or at the time and place specified in said notice, or at a special meeting called for that purpose, said proposition or any of them may be submitted to a vote, and if it shall appear that two-thirds of all the votes represented by the whole stock of such corporation are in favor of the propositions or any of them, so submitted, a certificate thereof, verified by the affidavit of the president, and under seal of the corporation, shall be filed in the office of the Auditor, and a like certificate filed for record in the office of the recorder of deeds of the county where the principal business office of such corporation is located; and upon the filing of such certificate the changes proposed and voted for at such meeting, as to name, place of business, increase or decrease of capital stock, extension of duration of charter, or consolidation with some other company, shall be and is hereby declared accomplished, in accordance with the said vote of the stockholders: And, provided, further, that any corporation with banking powers availing itself of or accepting the benefits of, or formed under, this Act, and all corporations with banking powers existing by virtue of any special charter or general law of this State, shall be subject to the provisions and requirements of this Act in every particular, as if organized under this Act.

Such corporation shall, upon the filing of said certificate, cause to be published in some newspaper in or nearest the county in which their principal office is located, a notice of such changes of organization for three successive weeks.

Such change of name, place of business, increase or decrease of capital stock, increase or decrease of numbers or directors, managers, or trustees, extension of duration of charter, or consolidation of one corporation with another, shall not affect suits pending in which such corporations or corporation shall be parties; nor shall such changes affect causes of action, nor the rights of persons in any particular; nor shall suits brought against such corporation by its former name be abated for that cause.

Sec. 3. That said Act be further amended by adding after section 15 of said Act a new section to read as follows:

"Section 15 1/2. After January 1, 1921, no natural person or natural persons, firm or partnership shall transact the business of banking or the business of receiving money upon deposit, or shall use the word "Bank" or "Banker" in connection with said business or shall transact the business of transmitting money to foreign countries or buying and selling foreign money or receiving money on deposit to be transmitted to foreign countries, provided that express, steamship and telegraph companies may continue their business of transmitting money and receiving money to be transmitted, and, provided, further, that nothing herein contained shall be construed to prohibit banks incorporated under the laws of this State or of the United States from appointing natural persons as agents to receive deposits of savings in and through the public schools. Any person or persons violating this section shall be deemed guilty of a misdemeanor, and shall, upon conviction thereof, be punished by a fine of not more than one thousand dollars (\$1,000) or by imprisonment in the county jail for not more than one (1) year, or by both such fine and imprisonment, and the Attorney General or State's Attorney of the county in which any such violation occurs may restrain such violation by a bill in equity to be filed in the Circuit Court of such county."

Section 4. It shall be the duty of the Secretary of State for this State to submit these amendments to the Bank Act to a vote of the people for their ratification, according to Article XI, section 5 of the Constitution of this State, at the next general election, and the question shall be "for the amendments to the general banking law," or "against the amendments to the general banking law." And if approved by a majority of the votes cast at such election for or against such amendments, the Governor shall thereupon issue his proclamation that these amendments be then in force.

Approved June 22, 1917.

Which Election will be opened at seven o'clock in the morning, and shall be closed at five o'clock in the evening of that day.

Dated at Dixon, Illinois, this second day of October, in the year of our Lord one thousand nine hundred and eighteen.

## WANT HUNDRED RECORDS HERE

E. C. Kennerly who has been placed in charge of the collection in Dixon of used or new phonograph records for the American soldiers in France, a movement which is headed by Maj. Gen. Bell, reported to the Telegraph this morning that he had received about 40 records. The or-

ganization in charge of collecting the records hopes to secure at least a million this week, and Mr. Kennedy expects the people of Dixon to contribute a hundred at least.

## TO ATTEND FUNERAL

Mr. and Mrs. Thomas Lavell and daughter, Mrs. Lavell, and Mrs. Nellie Murphy and Miss Lena Frazer of Chicago, were here today to attend the funeral of little Daniel Covert.

# SOCIETY

**RETURNED FROM CARTRIDGE—**  
Mrs. Alice Miller has returned from a seven weeks' stay with relatives in Carthage, Ill.

**AT DINNER—**  
Hugh Duffy, home from Governor's Island, N. Y., where he is in the U. S. service as an Army Field Clerk, was entertained at the home of Mr. and Mrs. C. H. Stackpole, at dinner last evening.

**IN CHICAGO—**  
Miss Viola Flemming is in Chicago this week visiting with her sister, Miss Alta, who is attending the Art Institute and with her uncle and aunt, Mr. and Mrs. Stuart Flemming.

**C. N. D. NOTES—**  
(Conducted by Miss Rosanna De-ment)

Nachusa has recently sent in to our rooms one hundred three day shirts, eight hospital shirts and forty-two bandages.

The following is a translation of a letter from the mother of one of the French orphans, to some one here in Dixon, who has adopted her little boy:

"Dear Sir:—  
"I thank you sincerely for the ... francs which I received, especially in these days of moment, and my little Andre is also happy to see that he has a parent in America, who wishes to become acquainted with him. I thank you once again for your affection for my little Andre. I send you my most sincere thanks.  
"Receive, sir, my impressive salutations.

**"MADAME EUGENE."**  
For those who are interested in the French language, the original letter is published:

"Cher Monsieur:  
"Je vous remercie sincerement pour les ... frs. que j'ai recues ces jours et qui me font beaucoup de bien surtout dans ces moments et mon petit Andre lui aussi est content de voir qu'il a un parrain en Amerique qu'il voudrait bien faire connaissance. Je vous remercie encore une fois et bien des amities de mon petit Andre. Je vous envoie mes remerciements les plus sinceres.  
"Recevez, monsieur, mes salutations empresses.

**"MME. EUGENE."**

**Repairing Burned Buildings.**  
Replacement of buildings entirely burned down are considered by the National Non-War Construction Board is identical with the construction of new buildings, and will be permitted only where absolutely necessary in connection with the war program. Buildings partially burned may be repaired without a permit, if they can be completed for a cost not to exceed \$2,500.

Attention is called to the display of hospital shirts in the window of the Defense rooms, arranged by Charles Engle. This work does not cover our entire month's work—only a part of it, so some idea of the amount of work accomplished may be gained from this showing.

**TO BREAK UP THAT COLD—**

When a cold first starts, physicians usually advise a light laxative diet, consisting chiefly of hot lemonade or orangeade, broths or gruels with crisp toast, baked potatoes, mild stewed fruits and vegetables.

After this for a few days until the cold seems to be broken it is well to eat an ordinary diet with plenty of fruits and vegetables. To aid the body in recovering eat meals which give more fuel value than usual, such as the following from the U. S. Food Administration, Illinois Educational Division:

**Breakfast**  
Oatmeal with dates and cream  
Toasted muffins Poached Egg

## A Wall of Resistance

Emphasis should be placed upon the conservation of strength and the building up of a strong wall of resistance against weakness.

## SCOTT'S EMULSION

is used regularly by many, right through the winter, as a dependable means of conserving strength. For the delicate child or adult, Scott's offers rich nourishment with tonic qualities that are great in their ability to strengthen the body and increase resistance.

## GOOD ROADS WITHOUT TAX

At the coming election, November 5, the people of Illinois will have an opportunity to vote for a state bond issue for the purpose of building a state-wide system of 4,800 miles of permanent roads, reaching into every county of the state, connecting practically every county seat and placing 86 per cent of the people within five miles of a good, hard-surfaced road, the ENTIRE COST of which will be paid out of automobile license fees, WITHOUT A DOLLAR OF GENERAL TAXATION.

Such a system of roads is possible within five years after construction is begun, if bonds are issued against the automobile license fees, whereas it will take twenty years to complete it without the use of bonds and a uniform and connected system would not be possible.

So far this year over 385,000 cars have been registered. At the average fee now established by law, this number of cars will yield more than enough to pay the entire annual cost, bonds and interest, say nothing about the increase of new cars. These roads will be maintained entirely by the State, and the cost paid from surplus automobile fees.

Governor Lowden has unequivocally stated that no bonds will be issued and no roads built until after the war. No bonds can be issued except as the funds are needed to pay for construction. "Vote the bonds now; sell the bonds and begin construction immediately after we win the war," is the governor's message to every voter.

The Illinois Farmer's Institute has repeatedly gone on record as favoring a comprehensive and uniform system of permanent state roads. At its last annual meeting held in Bloomington, February 19-21, 1918, the following resolution was unanimously adopted:

"WHEREAS, The state legislature has submitted for consideration at the general election in November, a 60-million dollar bond issue for the purpose of constructing a state-wide system of surfaced roads, the cost of retiring such bonds to be met from the automobile license fees, and

"WHEREAS, The governor has stated that if this bond issue is authorized he will not issue the bonds until the close of the war, when materials and labor will be cheaper and when an undertaking of this character can be commenced to advantage; therefore,

"Be it Resolved, That we favor the approval of this bond issue by the voters of the state, in order that we may begin a comprehensive state-wide system of highways that will be usable at all seasons and in all weather."

(Similar resolutions were adopted by the Household Science Department of the State Farmers' Institute, the women unanimously favoring the approval of this road bond issue.)

A majority of all the votes cast at the election is required for the adoption of this bond issue. Failure to vote is a vote against it. Vote the bonds NO and build the roads immediately after the war. It will help boost employment and boom industry when peace comes.

REMEMBER THE ROAD BALLOT, NOVEMBER 5.—H. E. Young, Secretary Illinois Farmers' Institute, Springfield.

## THE GERMANS MUST PAY

In all our discussions of peace terms, Americans should never lose sight of the fact that Germany must pay for the damage she has done in invaded countries, and that nothing must be allowed to interfere with such payment.

There is a more or less popular impression now that if the German people promptly overthrow their government and establish a responsible democratic government, they will be allowed to evade the natural penalties incurred by Germany in the war she has waged against innocent nations.

Some penalties, no doubt, the German people may escape or soften, if they act with sufficient celerity and honesty. But surely the allied governments do not intend, and the allied nations should not permit it if they did intend, that by so doing the German nation may avoid its just war bills.

There must be reparation to France and Belgium, and to other nations whose cities Germany has destroyed and whose lands she has ravaged without provocation. If the property of the Hohenzollerns and their fellow-freebooters is taken by an awakened people and applied to that purpose, well and good. But it will not go far. There are many billions to pay.

Any popular government that is the successor of the present autocratic government will inherit its pecuniary obligations to creditor nations. A German republic may disclaim some of the heritage of distrust and hate bequeathed by the German empire, but it can not disclaim the heritage of retribution for property destroyed.

German property must make good the property wiped out by Germans. Not only as the heir of the present German government, but as an accessory to the crimes of that government, it is right that any popular government created by the German nation should pledge itself to discharge these obligations, and give satisfactory guarantees of performance. This should be made a fundamental condition of German national existence hereafter.

He also praised the work of the American Army surgeons and the fine care they give the boys who have been wounded.

## FINANCE COMMITTEE WILL MEET FRIDAY

PLANS FOR RAISING COUNTY'S WAR WORK FUND WILL BE PERFECTED THEN.

The members of the County Finance Committee, members of which represent every township in the county, will meet Friday to discuss plans for the United War Work Campaign and means of realizing the desire of the committee to put Lee county over the top in a single day—the first day of the campaign, Monday, Nov. 11.

The committeemen from Dixon, Nachusa, Nelson and Palmyra townships will meet at the city hall in Dixon at 8 o'clock Friday evening, while representatives from all other towns in the county will convene at Amboy at 2 o'clock Friday afternoon.

Posters and literature announcing the details of the great work for which the fund is to be raised have been received here and will be circulated next week.

## ALLIES AGREE UPON TERMS

(Continued from page one.)

mania and Russia, within a specified time, the extent of which has not been definitely fixed. German officials have said it would take six months to evacuate Belgium and France, but Marshal Foch and his associates are known to regard a fraction of this time sufficient for the withdrawal.

The military advisers propose further that Germany shall be required to withdraw all forces beyond the Rhine, leaving the territory between the river and the German frontier either unprotected or in the hands of the allied troops.

**Must Give Up Troops**  
The Teutonic armies are to be required to surrender all light and heavy ordnance and ammunition for same upon beginning the withdrawal from invaded territory, according to another article in the tentative armistice terms.

Whether this condition also extends to the surrender of side arms by the enemy troops could not be clearly established tonight. There appears to be no doubt, however, that the intent of the allied commanders is to deprive the enemy of the means of renewing hostilities to which the possession of ample artillery resources would be essential.

Another article provides for the surrender by Germany of the entire chain of frontier fortresses including Metz and Strassburg, all of which immediately would be occupied by allied troops and held pending the peace negotiations.

## Guarantee Alsace to France

This would be a guarantee for the retrocession of Alsace-Lorraine to France and would place in allied hands the strategic keys to the interior of Germany so that the Huns would be compelled to accept peace terms under the guns of the allies.

Furthermore, it is proposed that Germany shall demobilize her armies, permission being granted to keep a force of an agreed strength under arms for the policing of the empire.

All allied prisoners of war are to be released by Germany at once, but German prisoners of war are not to be released until the work of reconstruction in invaded countries is completed. This proposed armistice article suggests that the allied commanders contemplate the employment of German prisoners of war on the work of repairing the devastation wrought in invaded countries.

## Discussing Question of Navy

It is assumed that the allies also will insist upon Germany making reparation sufficient to cover the cost of this work of restoration, if not indemnities for the crimes of her armies, but nothing in the proposed terms so far cabled touches upon this matter and the subject on therefore is that this is a question which will enter into the peace negotiations.

The article dealing with the disposition of the German navy apparently has not been completed and is still the subject of discussion in the supreme war council. The only suggestion contained in the tentative terms reaching Washington is that all submarines in the Mediterranean must be surrendered and that one of every type of submarines now in the Teutonic navies shall be delivered over.

Great Britain is said to be insistent that Germany shall be required to surrender practically her entire big seas fleet and this is the proposal evidently now being debated in the war council at Versailles. The attitude of President Wilson toward this proposition has never been disclosed.

## May Take Helgoland

There is no mention of Helgoland or the Kiel canal in the terms so far forwarded, although it has been suggested that both these German naval strongholds should be delivered to the allies as a guarantee against the renewal of hostilities by the Huns and as an earnest of good faith in carrying out the peace terms.

tion these memberships are to date from the day the boys arrive back in Dixon, but the cards can be sent to the boys now for Xmas gifts.

Everyone realizes that when the American soldiers return from France or from the camps in this country the Y. M. C. A. is going to mean more to them than ever before. Hundreds of letters written home by Dixon boys tell of the wonderful work the "Y" is doing for the soldiers; many of the boys say they wouldn't know what to do without the "Y"; and it is a surety that when they return to Dixon the Dixon association is going to be an institution in which they will feel a personal interest—for "Y. M. C. A." goes hand in hand with "U. S. A." wherever the soldiers and sailors of the Republic take quarters.

## Women's Memberships.

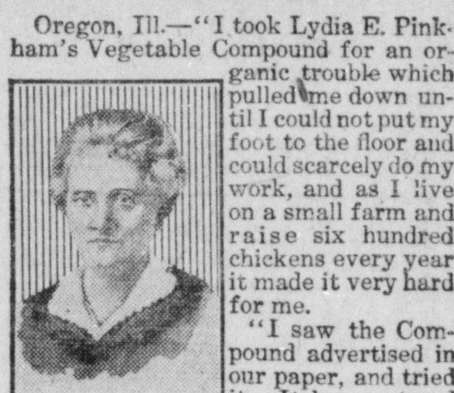

The Dixon association has also provided for a Honorary Contributing Membership card for ladies who contribute to the completion, equipment and maintenance of the Boys' Work department, which is to be made one of the big features of the work. In every residence district of the city there is a chairman of woman's committees and it is expected this feature will meet with spontaneous support by the mothers of the city.

## SEE SCHEME TO GET ALIENS OUT OF ARMY

20 Swedes at Camp Grant  
Repudiate First Citizenship Step

### OFFICERS VERY BUSY

Camp Grant, Rockford, Ill., Oct. 29.—While 1,500 alien loyalists waited eagerly today to sign preliminary papers for the huge naturalization ceremony which will be completed by Judge K. M. Landis in camp Saturday, twenty Swedish soldiers brought down upon themselves the contempt of fighting men in the depot brigade by repudiating their first citizenship papers and appealing to their embassy in Washington through their Chicago consul for discharge from the army. This is the first instance of what officers believe to be an organized movement to hinder the selective service machine in a new way.

Military men have little choice in the matter of discharging aliens of this type if the proper forms are received from the embassy. The slackers, who have renounced all allegiance to Uncle Sam, will be allowed to return to civil life and to the enjoyment of the high wages while taking advantage of the safety provided by American soldiers whose pay is \$1 a day.

## ORDER OF ELKS TAKES BIG PART IN WAR WORK

Order Has Raised and Is Expending Fund of Two Million This Year

### FOR RECONSTRUCTION

The part which the Order of Elks is playing in the U. S. war camp activities is not generally realized by the American public. In accordance with the traditions of Elkdom, this work is as unostentatious as their charity projects. The order has no publicity department, nor are the members given to a discussion of the endeavors and accomplishments of the order, hence it is only natural that the scope of their work is just beginning to be realized.

Here are some facts in connection with the war relief work of the order, which as a matter of fact is war history:

During this year and last, a fund of \$2,000,000 has and is being raised for the purpose of war relief.

Two base hospitals have been established in France and are now in operation. Each hospital has a capacity of one thousand beds and is fully equipped.

A permanent reconstruction hospital is under construction at Boston, which has been accepted by the government and is nearing completion. This hospital is a large building of fireproof construction, six stories high, and it is expected that it will be completed in the next few weeks, when it will be dedicated and turned over to the government. Plans are made for a second hospital of similar nature to be built in New Orleans. The government also has accepted this second plan and the construction of it will begin soon.

Part of the funds being raised will be used in welfare work at the military camps and for the special benefit of the soldiers in overseas service.

The above mentioned charitable proceedings are by no means the first acts of kindness and benevolence that this society has been the means of bringing to pass; two previous funds were raised for practically the same purpose.

A great good has been done by a great organization for a great cause, and it is characterized by a fitting modesty.

## AMERICAN BIG GUNS SHELL RAILROAD LINE

Large Enemy Concentration  
Camp Also Bombarded  
By the Yankees

### AVIATORS ARE BUSY

With the American Army Northwest of Verdun, Oct. 29, 8 p. m.—(By the Associated Press.)—The American big guns cracked down on the main line of the railroad in the region of Conflans today and also shelled a large enemy troop concentration in the neighborhood of Mangiennes.

The Conflans line is important because it extends from Germany's principal communication line to Metz. The firing in the direction of Conflans continued intermittently throughout the day.

When a troop concentration was reported in the region of Boise de Villers and Mangiennes the guns were turned in that direction, hurling projectiles weighing approximately 1,500 pounds each.

Shell Rail Junctions.  
At intervals also the big guns inside the American lines shelled the territory around Spincourt and Dommary-Baroncourt, both important railroad junctions.

American aviators successfully bombed two points today where German troops were being assembled. In the morning a squadron of bombers, accompanied by projecting machines, dropped projectiles on Montigny. The troops scattered and an ammunition dump was set on fire; the railroad yards were also damaged.

In the afternoon about fifty bombers attacked Damvillers, where other troops were concentrating; observers reported a number of hits. About forty pursuit planes accompanied the bombers and engaged in many combats. Nine German machines were brought down. Three American planes are missing.

## WILSON APPEAL SHOWS DEMOCRATS DESPERATE

Congressman Rodenberg  
Says Democrats Are In  
Their Last Ditch

### M'CORMICK IS SAFE

Chicago, Oct. 30.—"Mr. Wilson's statement was an act of sheer desperation. It was a last chance attempt of the Democratic party to save control of the house of representatives."

This was the statement of Congressman William A. Rodenberg of the East St. Louis district, who was at Republican state headquarters yesterday, just from Washington.

#### Knew House Was Lost.

"Democratic leaders of the house of representatives know that the house is lost to them at next Tuesday's election," Mr. Rodenberg continued. "They had a conference with some of the party organization chiefs. The situation was canvassed carefully district by district. They agreed that the Democratic chance of electing a majority of the new house had to be staked upon one gamble. It was put up to Secretary to the President Tumulty to convince Mr. Wilson that it was his Democratic duty to make such a statement as was finally issued in his name."

#### Thinks McCormick Safe.

"The judgment at Washington of those men who sanely diagnose the situation is that Mr. Wilson's statement has not only lost the house to the Democrats, but that the Democratic majority in the senate, unquestionably, will be converted into a Republican majority."

"The election of Medill McCormick in Illinois I consider to be an absolute certainty. Confidential reports that reach me from my own district assure me beyond doubt that the Republican candidate will receive record breaking majorities. I have no doubt at all that this condition prevails all through southern Illinois. The downstate majority for McCormick and the Republican state ticket will be at least 100,000 and probably will be a great deal larger."

## GOVERNOR CALLS ON ILLINOIS PATRIOTS

Urges Full and Liberal Support  
of United War  
Work Campaign

### OPENS MONDAY, NOV. 11

Springfield, Oct. 30.—Gov. Frank O. Lowden today called upon the people of Illinois to full and liberal support of the United War Work campaign, which opens Monday, Nov. 11, in the following proclamation:

Sunday, November tenth, has been set aside by National Headquarters as United War Work Campaign Sunday. A combined budget has been prepared for the war activities of the Young Men's Christian Association, the Young Woman's Christian Association, the National Catholic War Council, the Jewish Welfare Board, the War Camp Community Service, the American Library Association, and the Salvation Army. Upon that day, subscriptions will be received for this common fund.

The Fourth Liberty Loan, which has just been successfully closed, was to provide for the material things needed in war. The United War Work Campaign aims to provide funds for those great agencies which minister to the moral and spiritual needs of our soldiers in the field. It is, therefore, a true complement to the Liberty Loan. Liberty Loans provide the means by which our soldiers can successfully meet with the enemy in actual battle. But there is much of the time when our boys are not in combat with the foe. At such times, the men need a thousand things which the Army regulations cannot provide. They need those influences which go to make up a wholesome home; they need recreation; they need the presence of spiritual influences. These can only be supplied through the great agencies named above.

Our armies are fighting the battles of civilization. Surely, then, we should minister in full force, as near

the battle lines as possible, all civilizing influences. This is being done through the agencies which you will be asked to help on November tenth, United War Work Campaign Sunday.

Proof constantly comes from the battle fronts of the effective and beneficent influence of these organizations. There never was a cleaner Army, morally, in the history of the world, than the American Army of today. There never was an Army, as is abundantly shown, more deeply moved by spiritual influences. This is due, in a large measure, to the influence of the organizations you are now asked to help. And let it not be forgotten that the morale of our soldiers—the admiration of the world—is greatly strengthened by the activities of these organizations.

Our people, through the Liberty Loans, have generously supplied the materials for war. Let them now, in this United War Work Campaign, make equal contribution to the moral and spiritual welfare of our men at the front.

Vote November 5 for hard roads— which means good roads without taxes.

## BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lousy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. 10c and 25c a box. All druggists.

DARKEN GRAY HAIR, LOOK YOUNG, PRETTY

Sage Tea and Sulphur Darkens So Naturally that Nobody can tell.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite to impart color and a youthful appearance to the hair. It is not intended for the cure, mitigation or prevention of disease.

DRINK HOT WATER IF YOU DESIRE A ROSY COMPLEXION

Says we can't help but look better and feel better after an inside bath.

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of incombustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire alimentary tract, before putting more food into the stomach.

Men and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, nasty breath, others who are bothered with headaches, bilious spells, acid stomach or constipation should begin this phosphate hot water drinking and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness because the skin pores do not absorb impurities into the blood, while the bowel pores do.

200 ACRE FARM AT PUBLIC AUCTION

The undersigned, intending to remove to New York, desires to dispose of his two hundred acre farm located 6 1/2 miles northeast of Dixon, 3 miles north of Nachusa, and 5 miles northwest of Franklin Grove, now occupied by John A. Wiley, and will sell said farm at public auction on the premises on

FRIDAY, NOVEMBER 8th, 1918 at TWO O'CLOCK P. M., said farm being described as follows, to-wit:

The south half of the southeast quarter of section twenty; the west half of the northwest quarter of section twenty-nine; and the northwest quarter of the northeast quarter of section twenty-nine, all in Nachusa township, in Lee county, Illinois.

This is a desirable, well equipped stock farm, with excellent running water, and with good well and windmill, and buildings in first-class condition. There is a large hog house, an implement shed 60 feet long, and a chicken house, all built within two years, and a good silo, 14' x 32', was built in 1917. There are ample accommodations for twenty-six, or more cattle, and plenty of room for horses in the barn which is in good condition. The house contains eight rooms and is in good repair. It will pay any purchaser to investigate this sale.

TERMS OF SALE: Ten per cent of purchase price in cash on day of sale, and the balance of the purchase price on March 1st, 1919, but the purchaser may, if he desires, give a first mortgage for not to exceed one-half of the purchase price, said mortgage to secure notes running for five years from March 1st, 1919, with interest at 5 1/2 per cent per annum, payable annually, and with pre-payment privileges.

For further particulars, inquire of John A. Wiley, on the premises, (phone No. N21), or Henry C. Warner, Attorney, Dixon, Illinois.

JOHN G. HEMMER, R. K. McCall, Auctioneer. 24316

Australia, in their public statements urge the support of the Y. M. C. A. which with the Y. W. C. A., National Catholic War Council, K. of C., War Camp Community Service, Jewish Welfare Board, American Library Association and Salvation Army, are extending their work for American and Allied fighters.

"Whoever has come in contact with the work of the Y. M. C. A. in camps or behind the lines, knows full well that it is a very valuable and almost inseparable part of army life," said Premier Hughes. "Without it, the troops would undergo very many hardships and suffer great inconveniences which, their magnificent insituation is able to remove.

"The absolute dependence of so many millions of soldiers upon the Association for what they regard as the comforts but which often are the necessities of army life, is surely the most powerful appeal that can be made to the American or any other people. I wish it every success."

Premier Borden's statement is as follows:

"The efforts of the Y. M. C. A. to minister to the soldier's comfort and social well-being are of great importance in maintaining the morale and spirit of the armies.

"I know from careful inquiry and from repeated testimony of the troops themselves how very highly the work of the Canadian Y. M. C. A. is valued by the Canadian Expeditionary Force and especially by the men actually in the trenches to whom this splendid organization is able to bring cheer and comfort, which could not possibly reach them otherwise. Without doubt this will be the experience of the gallant troops from the United States. The work of the American Y. M. C. A. is therefore worthy of every financial support, and knowing the proverbial generosity of the United States, I am sure that such support will be forthcoming."

### OLD MAN HARRIS

Editor of the Oil and Mineral Journal of Billings, Mont., will give you "tips" about oil and mining companies free, and send you sample copy of his 16-page illustrated paper for the asking. Scores of his subscribers have made \$400 on a \$100 investment and upwards, by following his advice. Don't buy in any company until you write him about it—he knows who is reliable and those who are not. Write Dun's or Bradstreet's agencies in Billings as to what they think of Old Man Harris and his reliable information to investors.

## POINTS TO REMEMBER WHEN BUYING REAL ESTATE

1st.—See that the neighborhood and surroundings are good, and that transportation to it is satisfactory.

2nd.—Insist that the seller furnishes you with an Abstract of Title.

3rd.—If the seller can't furnish an abstract showing a good title, do not buy. Large investors, like Hetty Green and Sile Tompkins, require this, and you should insist upon receiving the same.

4th.—If you are "trading" properties, see that the other fellow hasn't inflated the price of his property so that he gets yours for nothing.

This is mighty important, for a couple of trades of this kind would put the other fellow in a good chariot and you in the County Home.

5th.—Have the property conveyed to yourself and wife by JOINT TENANCY DEED; then if either of you die, the survivor will own the property without the trouble and expense of going thru the Probate Court.

Go to any good lawyer and he will see to it that you receive the above, and that the hired girl doesn't get the property.

## ILLINOIS

Something Lacking

By

John P. Honeycutt.

First in Corn.  
First in Farm Crops.  
First in Farm Wealth.  
IN GOOD ROADS, 23;  
Think of It, 23!

Good roads in Illinois are few and far between. We refer with pleasure to our wonderful progress in farm development and food production and make good. Nevertheless, Illinois lacks something. If you do not know what the important thing is, start out across the state in any direction from where you are today for a 50 mile drive in any direction with any kind, make or variety of vehicle and when you return it will not be necessary to tell what it is that Illinois needs so badly right now.

You will know what it is and will be eager to get in hand one of those little \$60,000,000 hard roads ballots and put your mark in the square opposite the printed word, yes. We have had our first 100 years, and in all that time no state in the Union could excel us in the one matter of utterly disreputable roads. "Ain't that the truth?" Illinois has, however, been a good waiter, working out other important things while waiting, and now the Year of Jubilee has come. The end of 100 years pilgrimage through the mud.

### Unique Finance Plan

Heretofore our farmers and business men have for some unexplained reason opposed bond issues for the purpose of road building, and the men of small property holdings and no automobile or vehicle of any kind have been positively hostile to the idea because they thought they would be required to pay for something which would benefit someone else and they would get nothing.

Under the present plan the person who has hitherto opposed bond

issues for pulling Illinois out of the mud, for reasons already assigned, should vote for this proposed issue with keen delight and much pleasure, because the men who own automobiles must pay the bill. Think of it, a sure enough, really and truly hard road on which you can travel any season of the year, and if you do not own an automobile, it will not cost you a cent. There will be no direct tax, the automobile license fees pay the entire cost. No, there is nothing to prevent you from buying an automobile and assisting in this grand and glorious work of building hard roads and pulling Illinois out of the mud.

There is no such person in these latter and enlightened days as one who does not recognize the community value of hard roads. No one can afford not to vote "yes" on this proposition, because hard roads will benefit everybody in the state, and adjoining states, and will not cost the individual who does not own an automobile, a cent. Because not a cent of taxes will be placed upon lands or other property, outside of motor vehicles.

### Community Problem

I am strong for the individual. There should be limit upon an individual except his own ability to rise and do things, however, the individual is beset by limitations which cannot be applied to communities which are co-operating in harmony. Illinois now proposes to construct 4,800 miles of hard roads, distributed equally over the entire state. The benefits and accommodations of these great transportation highways will accrue to every person residing in the state.

We need hard roads right now, as we never needed any other state utility, unless it be a revised state constitution, and both propositions

are strictly community matters, so let us go to the polls on November 5th and cheerfully do our duty. Vote "yes" on both these propositions and help to start Illinois on her second 100 years with her foundation reinforced for the great things which must be done during the coming century.

## OBITUARY

### MRS. ANN FRIEL

Mrs. Ann Marie Kearns Friel died Friday morning at St. Joseph hospital in Chicago at 4:30 o'clock after an illness of seven weeks' duration. She was born March 17, 1847, in the county Sligo, Ireland, and came to America when a young girl. She was united in marriage to John Friel at St. Patrick's church in Amboy, her husband preceding her in death several years ago. She was the mother of ten children, five of whom survive. They are: Eugene of Norwood Park; Nellie and Mary of Chicago; Neil and John of Maytown. Eleven grandchildren also survive. She was the mother of the late Edward Friel who died before his ordination to the priesthood. She was a devout member of the Catholic church and the services were held in Amboy Sunday at 12:30 at St. Patrick's cemetery by the Rev. Father T. J. Cullen and was well attended. The body was laid to rest beside her son. Those who attended the funeral from away were Mr. and Mrs. John Frederickson and children of Peru; James and Edward Friel of Chicago; George Minick and Mr. and Mrs. David James of Dixon.

### WM. WALCOTT DIED TUESDAY

William Walcott, a highly respected and well known farmer of Temperance Hill, passed away at his home yesterday afternoon, after a short illness. Funeral arrangements will be announced later.

### FINED \$5 AND COSTS.

George N. Hawley was fined \$5 and costs last evening by Justice Gehant, for intoxication.

## No Mystery in Meat

Some things are so simple that they have to be explained again and again. When things are obvious, people keep looking for mysteries behind them.

So it is with the packing business. The mere size of Swift & Company confuses many. Because their imaginations are not geared up to scale, they believe there must be magic in it somewhere—some weird power.

Swift & Company is just like any other manufacturing business, run by human beings like yourself; it takes in raw material on the one hand and turns out a finished product on the other.

Swift & Company keeps down the "spread", or the expense absorbed between raw and finished material, to as low a figure as possible. (If it *didn't* it would be put out of business by others who do.)

How much Swift & Company pays for the raw material, and how much it gets for the finished product, depends upon conditions which Swift & Company does not control.

It depends entirely upon how much people want the finished product, and how much raw material there is available to make it from.

The profits of Swift & Company amount to less than one cent per pound on all meats and by-products, —less than one-fourth of a cent on beef.
